ABOUT THE INSTITUTE

Established in 1998, Mata Sahib Kaur College of Nursing, Mohali, is committed to excellence in nursing education and professional development. The institution focuses on shaping nurses who are not only clinically competent but also ethical, compassionate, and socially responsible.

Managed by the Education Society for Health Activities (ESHA) and inspired by the vision of Late Sardar Charanjit Singh Walia, the college draws its values from service, integrity, and dedication. Named in honour of Mata Sahib Kaur Ji, revered as the Mother of the Khalsa, the institution stands as a symbol of care, commitment, and selfless service.

The college is affiliated with Baba Farid University of Health Sciences (BFUHS), Faridkot, and recognised by the Indian Nursing Council (INC), New Delhi. It offers diploma, undergraduate, and post-graduate programmes designed to meet the evolving needs of the healthcare sector.

Supported by experienced faculty, modern laboratories, and a structured academic framework, the college consistently maintains high standards in nursing education and training.

ABOUT THE CONFERENCE

The healthcare sector is undergoing a rapid transformation with the integration of Artificial Intelligence (AI). From clinical decision-making and patient care to documentation, education and research, AI is reshaping how healthcare professionals work and deliver care.

As frontline contributors to healthcare delivery, nursing professionals must be equipped to understand, adapt, and responsibly apply these emerging technologies, while continuing to uphold ethical principles, professional values, and patient-centred care.

The 3rd One Day State-Level Conference serves as an academic platform for nursing educators, clinicians, administrators, and students to explore the growing role of Artificial Intelligence in nursing. The conference focuses on the integration of AI into both nursing education and clinical practice, highlighting its opportunities, applications, and ethical challenges.

Through expert sessions, discussions, and knowledge exchange, the conference aims to prepare nursing professionals to confidently meet the demands of modern healthcare and emerge as future-ready practitioners.

MATA SAHIB KAUR COLLEGE OF NURSING, MOHALI
